

**PUBLIC NOTICE OF MOHAVE ELECTRIC COOPERATIVE, INC.’S  
STREAMLINED RATE APPLICATION**

**Important Rate Change Notice – Please Read**

**Mohave Electric Cooperative, Inc.** (“MEC” or “Cooperative”) has notified the Arizona Corporation Commission (“Commission”) that it intends to file a streamlined rate application (“Streamlined Rate Application”) on or about September 22, 2025, to change its rates and charges pursuant to A.R.S. § 40-250 and A.A.C. R14-2-107 (“Rule 107”), the Commission’s rule authorizing the filing of streamlined rate applications for cooperative utilities. For members, MEC is requesting an overall rate increase of \$4,511,595, or 4.44% over adjusted test year total revenues. MEC’s test year for this rate filing is year ending December 31, 2024. MEC states that the rate increase is necessary to ensure the necessary income to cover operating expenses and infrastructure investments, produce margins sufficient to comply with MEC’s financial covenants, and address short-term cash flow needs. The last rate increase for MEC was effective March 2023.

**MEC** customers with monthly energy consumption of 974 kWh (average use) will see an increase of \$5.99 per month, or 5.43%.

The proposed percentage increases by rate class over existing rates are set forth below:

	<b>\$ Increase per Monthly Service Charge</b>	<b>\$ Increase per NCP kW Billing Demand Charge</b>	<b>\$ Increase per kWh for all Energy Charges</b>	<b>% Increase for Average Usage</b>	<b>% Increase for Median Usage</b>

## **Processing the Streamlined Application**

Rule 107 provides streamlined procedures that should reduce rate case expense for processing rate applications of electric, natural gas or affiliated water cooperatives where (i) the requested increase in total base revenue does not exceed 6% of the actual test year total base revenue; (ii) the change in base revenue generated by any one rate class is no greater than 150% of the overall base revenue increase; (iii) there is no change greater than 35% in the customer charge within a rate schedule for residential customers; and (iv) there is no change in the rate blocks or the percentage relationship of the prices among rate blocks. Rule 107 requires that within 20 days after providing this notice to customers, MEC shall file its Streamlined Rate Application. A customer may file an objection or request for intervention to the Streamlined Application within 30 days of the date this notice is mailed to customers. "Streamlined" refers to the fact that such an application will be processed under a shorter time-frame than a rate increase application filed pursuant to A.A.C. R14-2-103 ("Rule 103") and, therefore, receive a less comprehensive (possibly less costly) review/analysis by Commission Staff than a Rule 103 review/analysis. MEC's Streamlined Application may be approved without a formal evidentiary hearing. However, the Commission may at any time – at the request of Staff, an Intervenor, or on its own – require MEC's Streamlined Rate Application to be processed pursuant to the more comprehensive requirements of A.A.C. R14-2-103. You can view the entire Rules 103 and 107 at [https://apps.azsos.gov/public\\_services/Title\\_14/14-02.pdf](https://apps.azsos.gov/public_services/Title_14/14-02.pdf).

## **Public Comment and Intervention**

A person desiring to object to the Streamlined Application or to request intervention in the rate case must file the objection or the intervention request not later than the date specified below. Within 7 days after the deadline for objections and intervention requests, the Commission's Utilities Division Staff must determine the eligibility and sufficiency of the Streamlined Application under Rule 107.

**Written public comments** regarding MEC's Streamlined Application, including objections to it being processed pursuant to the alternative Rule 107 streamlined requirements, may be submitted by mailing a letter referencing **Docket No. E-01750A-25-0203** to the Commission's Consumer Services Section at 1200 W. Washington, Phoenix, Arizona 85007, or electronic submission by going to the website: [www.azcc.gov](http://www.azcc.gov) clicking on "Meetings & Cases" and then "Make a Public Comment in a Docket". **Anyone requiring assistance may contact the Consumer Services Section at (602) 542-4251 or (800) 222-7000.**

Requests to intervene may be filed in Docket No. **E-01750A-25-0203** by any person entitled by law to intervene or who is directly and substantially affected by the proceeding. For a form to use and instruction on how to electronically file, go to <https://www.azcc.gov/hearing/how-to-intervene-in-a-case>. If you require assistance, you may contact the Commission's Consumer Services Section during normal business hours at 602-542-4251 or 1-800-222-7000 (Phoenix office), or you may contact MEC as indicated below during normal business hours. All motions to intervene and all objections to the Streamlined Rate Application must be filed on or before October 31, 2025.

**The A.A.C. R14-2-107 streamlined rate process is available to MEC only if the Commission receives objections from less than 1,000 of MECs customer accounts by October 31, 2025. If the Commission receives objections from at least 1,000 MEC customer accounts by October 31, 2025, MEC will not be eligible to use the streamlined rate process but will instead need to use the likely more costly rate application process pursuant to A.A.C. R14-2-103 which would involve a formal evidentiary hearing and a more comprehensive review/analysis by Commission Staff.**

### **How You Can View or Obtain a Copy of the Application and Other Filed Documents**
